

Matissec, create, develop, manufacture and sell chemical protective suits that provide complete, reliable, secure protection. In accordance with standard EN943-2, Matissec suits allows performing rescues and other operations in hostile environments with corrosive liquid and gaseous-state chemicals.

## GR 3 SOL SUIT

The GR3 SOL protective suit provides the same levels of protection and comfort as the GR3. It also protect the SCBA worn inside the suit (type 1a).

## GR3 SUIT

The GR3 reusable suit provides protection from liquid and gaseous chemical products (aerosols, liquids and solid particles).

## Inverter KIT 3S

This kit allows to work on an external air source and so make the SCBA air line connected to save autonomous cylinder duration.

## Breathing air trolleys

In case of emergency requiring SCBA, CHEMICAL SUIT, BAIL OUT or ESCAPE HOOD additional breathing air needs could appear.
