

Matissec, create, develop, manufacture and sell chemical protective suits that provide complete, reliable, secure protection. In accordance with standard EN943-2, Matissec suits allows performing rescues and other operations in hostile environments with corrosive liquid and gaseous-state chemicals.

DM SUIT

The DM protective suit is composed of an envelope inside which a SCBA and its mask (type 1 a) can be used. Its panoramic anti-condensation visor gives the user a very wide angle of vision when looking up or down.

Inverter KIT 3S

This kit allows to work on an external air source and so make the SCBA air line connected to save autonomous cylinder duration.

Breathing air trolleys

In case of emergency requiring SCBA, CHEMICAL SUIT, BAIL OUT or ESCAPE HOOD additional breathing air needs could appear.
