

A Protective Equipment is part of a global protective line. Accessories proposed by MATISEC allows our customer to cover the whole global need and breathing air line according the air quality European standard EN12021 or even during the cylinders' filling operation.

High pressure compressors

The breathing Air high pressure compressor range is results of BARGAZ Company buyout. The main reason involving MATISEC in this activity is to offer our customer a satisfactory and global solution to fill properly the MATISEC SCBA'S cylinders according the European Standard EN12021 Breathable Air Quality.
